

NOX

A new mixed-use workspace at
the intersection of enterprise
and creativity in Manchester.

Providing a dynamic environment for creative, digital and tech companies.

NQX has been designed to deliver high quality workspaces over 17 floors. Floors will range from 1,076 sq ft to 10,171 sq ft and the building will total 122,150 sq ft.

Set within Manchester's Northern Quarter, NXQ blends history with innovation and will provide on site amenity, cycle hub, fitness space and a central courtyard.

The ground floor space will be activated by a restaurant, cafe and provide space to create a thriving community.

Planning permission has been granted and all the information relating to the permission can be found by searching application reference number 139778/FO/2024 on the Manchester City Council planning portal.

Intersecting the city's most dynamic districts.

Situated on the vibrant border of the Northern Quarter and Ancoats, this office development will offer the best of Manchester's creative and commercial hubs. Surrounded by independent cafés, stylish bars, and excellent transport links, it's a dynamic location designed for modern business.

Connectivity

Within 10 minutes
walk of the Metrolink

8 minute walk to
Piccadilly Bus Station

13 minute walk to
Piccadilly Train Station

Right next to the A665

Brimming with creativity, culture and energy.

Known for independent cafés, bars and eclectic shops, this area is an inspiring backdrop for work and play. Street art covers historic red-brick buildings and converted warehouses play host to creative studios, co-working spaces and tech startups.

With a blend of heritage, innovation and some of the best food and drink spots in the city, working in this area means being surrounded by a community of forward-thinking professionals in a lively, ever-evolving urban setting.
